

Surgical Services

At Chinese Hospital, we are dedicated to delivering the highest standards of care to meet all your surgical needs. We offer surgical services utilizing a team approach, allowing you to collaborate with physicians, nurses and rehab specialists to choose the surgery option that is best for you.

Our Surgery Department includes operating rooms, post-anesthesia care unit (PACU), same day surgery, endoscopy suite and sterile processing, and our skilled surgeons and physicians perform procedures using advanced innovative technologies.

Our Services

We offer general and specialized surgeries, and minimally invasive endoscopy procedures. Many of them are available on a same-day, outpatient basis.

Talk with your healthcare providers to discuss what services may be right for you and to get a referral.
