

# Cancer Center

At Chinese Hospital Cancer Center, we recognize the importance of timely treatment and caring for you as an individual.

Our dedicated team is led by an experienced oncologist and supported by skilled and compassionate nurses and nurse practitioners. The team works closely with registered dietitians, pathologists, pharmacists, palliative care specialists, professional counselors, social workers, and other specialists to create a comprehensive treatment plan for patients.

Our goal is to work together to enhance the quality of life of our patients and their families during the cancer journey through effective treatments and supportive services.
