

Patient Portal

HealthLife gives you online access to portions of your electronic medical record. Additionally, it offers a variety of health and wellness resources to help you more easily manage your health. There is no cost to register for HealthLife.

Once you have an account, you can enjoy accessing your health and wellness information in comfort and privacy around the clock. HealthLife is available 24/7 from anywhere you have internet access.

Send secure messages to your care team – Secure messaging gives you the convenience to ask questions when you think of them or have the time to ask your care providers. Encrypted messages ensure that your health information is private.

View your latest test results – Lab test reports will be available online as soon as they are released.

View your health records – You can find appointment instructions, medications, immunization records, and more. Keep your record up-to-date to help you and your care providers.

Request an appointment – You can request a new appointment without picking up the phone.

After enrollment, access your patient portal using your mobile device by downloading the HealthLife app from the Apple Store or Google Play.
