FOR IMMEDIATE RELEASE

MOU signed with China's Sun Yat-sen University's Xinhua College to establish academic partnership

SAN FRANCISCO, CA (November 24, 10:00 am) On Sunday, November 24th, San Francisco's Chinese Hospital, and Sun Yat-sen University's Xinhua College signed a Memorandum of Understanding (MOU) to promote academic collaboration between the two organizations.

Through the MOU, both organizations agreed to work collaboratively to promote academic exchanges and cooperation, provide opportunities for teachers and medical personnel-exchange programs, and facilitate training opportunities in San Francisco for outstanding nursing students at Sun Yat-sen University's Xinhua College.

"It is a fantastic collaboration. It provides an excellent platform for our teachers and students to develop their abilities," said Prof. Tinghuai Wang, President of Sun Yat-sen University's Xinhua College. He also commented that this partnership provides a beneficial opportunity for their teachers and students; the educational training will not only help broaden their horizons but also improve the quality of their teaching and learning significantly.

"I'm pleased to see the partnership established and look forward to assisting students at Sun Yat-sen University's Xinhua College to further develop their skills and capacity to become world-class professionals for the near future," said Dr. Jian Zhang, CEO of Chinese Hospital. Furthermore, Dr. Zhang said that the partnership is a mutually beneficial relationship, where the faculty members from Sun Yat-sen University and our medical team can share their techniques and expertise, as well as help Chinese Hospital to continue hiring qualified bilingual employees, serving the needs of the community.
