COVID Test to Treat

In collaboration with the California Department of Public Health (CDPH), Chinese Hospital is now a Test to Treat Site for COVID-19. We are partnering with Sesame Care to provide immediate telehealth appointments and treatment services to people who test positive for COVID-19. COVID-19 medications may prescribe except for over-the-counter medications (i.e., Tylenol, decongestants, cough medicine, etc.).

COVID treatment option is limited to current Chinese Hospital's patients at this moment.

In collaboration with the California Department of Public Health (CDPH), Chinese Hospital is now a Test to Treat Site for COVID-19. We are partnering with Sesame Care to provide immediate telehealth appointments and treatment services to people who test positive for COVID-19 when their primary care provider (PCP) is unavailable.

Insurance and proof of positive result are not necessary.
These appointments are FREE along with the COVID-19 medications they may prescribe except for over-the-counter medications (i.e., Tylenol, decongestants, cough medicine, etc.).

Whether you've tested positive using a PCR test or an at-home rapid test, it's important for you to tell your primary care provider (PCP) and get treated immediately. If you test positive for COVID-19,
