

Who Are We?

Chinese Hospital Distinct Part Skilled Nursing Facility (D/P SNF) provides a seamless transition of care for patients moving from an acute hospital environment, ensuring they receive the necessary specialized medical support before safely returning home. Our multidisciplinary care team works closely with residents and families to aid in residents' recovery and foster independence.

Being a distinct part of the hospital, we offer immediate access to emergency and acute care, giving residents and families peace of mind. Our bilingual team delivers high-quality culturally competent care in a warm, welcoming environment, ensuring every resident feels at home.
